

PhotoSCENE 2014

A Natural History Photographic Competition sponsored by Glasgow Natural History Society and the University of Glasgow Institute of Biodiversity, Animal Health and Comparative Medicine.

First equal were two photos, which won £200 each.

Redstart (*Phoenicurus phoenicurus*) from Paul Jerem, taken from a hide in Cashel Woods just south of SCENE on 01/06/2013 using a Nikon D7000 body and Nikon 70-200 mm f/2.8 lens.

A horse fly (*Tabanus sudeticus*) from Richard Sutcliffe, taken in Bearsden, East Dunbartonshire, 19 July 2013 with a Canon EOS 20D and 60mm macro lens.

Second equal were two photos, which won £100 each.

Thrift (*Armeria maritima*) from Sarah Longrigg, taken at Coulport, VC99 on 16/06/2013 using a Canon Powershot A720 IS

Seedling taken by Gillian Simpson with an Olympus E-500 digital SLR and 17.5-45mm lens in the Arima Valley, Simla, Trinidad (5th July 2013).

Third equal were three photos, which won £50 each.

Emerald damselfly (*Lestes sponsa*) by Richard Sutcliffe, taken with a Canon EOS 20D and 60mm macro lens at Comrie, Perthshire, 7 July 2013

Fly agaric (*Amanita muscaria*) by Sarah Longrigg, taken with a Canon Powershot A720 IS on 5 September 2013 at Dalrigh near Tyndrum.

Gannet (*Morus bassanus*) by Jana Jeglinski. An adult Northern gannet (*Morus bassanus*) is temporarily marked with pink paint following the successful retrieval of a GPS telemetry device deployed earlier in the season. The picture was taken on Grassholm, Wales, 6 August 2013 with a Canon Rebel XSi digital camera, Canon 18 - 55mm lens.

Rust and Youth - Grey seal pup (*Halichoerus grypus*) by Martina Maria Quaggiotto, taken with an Olympus digital camera between Cross Park and Pilgrim Haven beach in the Isle of May in late November 2012
