

PhotoSCENE Prizewinners 2021-22

David Palmar

The PhotoSCENE competition, sponsored by GNHS and Glasgow University Institute of Biodiversity, Animal Health and Comparative Medicine, aims to promote interest in Natural History and the work of SCENE (Scottish Centre for Ecology and the Natural Environment, the University's field station at Rowardennan), promote linkage between the Institute and the Society and provide pictures for publicity.

All entrants are thanked for making the effort to enter the competition. Since the first competition in 2011, and together with talks from members, the competition has provided us with an interesting photographic evening each February. Prizes totalling £800 per year have been awarded at the Society's photographic nights.

This year there were 72 entries from 18 people.

Overall Winner - Ringlet Butterfly by Andy Wilson

In addition to the overall winner there were 11 other First Prizes:
